ABOUT COMPANY

Expertech Electrical Contractors Ltd is among the Leading electrical contractors headquartered in Kenya and specializes in offering premium electrical Solar, and General Energy solutions that are customized to satisfy the unique needs of customers in a range of sectors. Expertech, which was founded with a dedication to innovation and quality, is well-known for its competence, dependability, and customer-focused philosophy in the energy services industry.

At Expertech, we're dedicated to providing top-notch electrical installations, solar works, and a wide range of daily energy services to meet your needs. With years of experience in the industry, our team of skilled professionals is committed to delivering excellence in every project we undertake. Whether you're looking to power your home or business with renewable energy solutions, upgrade your electrical systems for improved efficiency, or need reliable maintenance and repair services, we've got you covered. Trust Expertech to be your partner in creating a brighter, more sustainable future. Get in touch with us today to learn more about how we can help you with your energy needs.

CEO STATEMENT

Eng. Oiro Washington

At Expertech Electrical Contractors Ltd, our vision has always been clear — to deliver innovative, reliable, and sustainable electrical solutions that empower our clients and drive progress in the communities we serve. Since our inception, we have built our reputation on a foundation of integrity, technical excellence, and an unwavering commitment to safety and quality.

In an ever-evolving industry, we embrace change as an opportunity to innovate. By combining modern technology, skilled expertise, and a customer-first approach, we ensure that every project — from design to execution — meets the highest standards and exceeds expectations.

Our team is our greatest strength. Their dedication, professionalism, and passion for excellence are the driving forces behind every success story. We are proud to partner with clients across diverse sectors, delivering solutions that not only solve today's challenges but also anticipate the needs of tomorrow.

As we look to the future, our mission remains steadfast: to be a trusted leader in electrical contracting, committed to powering progress, building lasting relationships, and contributing positively to Kenya's growth and development.

On behalf of Expertech Electrical Contractors Ltd, I thank our clients, partners, and stakeholders for their continued trust and support. Together, we will continue to illuminate possibilities.

MISSION & VISION

MISSION

Empowering communities with sustainable energy solutions to illuminate a brighter, greener future for generations to come.

VISION

To promote sustainable energy, environmental harmony, and global community empowerment, while being a key player in carbon emission reduction through green energy sources.

CORE VALUES

1. As a unified team, we relentlessly pursue excellence in our endeavors while remaining accountable to both our customers and stakeholders.
2. We prioritize both our customers, who are central to our mission, and our employees, recognizing their vital roles in sustaining our business.
3. We are committed to environmental stewardship through innovative technological advancements.
4. Community empowerment, Integrity, and transparency.

You thnk it, We Actualise it

CERTIFICATE OF EXCELLENCE

proudly presented to

Expertech Electrical Contractors Ltd

For Winning Energy Engineers of the Year 2024 -
Western Kenya, on African Excellence Awards 2024

Expertech Electrical Contractors Ltd, founded in 2019 and registered as a private limited company in 2022, has rapidly established itself as a leader in energy solutions in Western Kenya. Accredited by Kenya Power and REREC, the company offers a comprehensive range of services, including energy consultancy, solar works, and energy inspections. Their commitment to sustainability, innovative solutions, and customer satisfaction, coupled with a highly skilled workforce and strategic partnerships, underscores their capability in optimizing energy use and reducing costs. These attributes make Expertech a deserving recipient of the Energy Engineers of the Year 2024 award.
